

We Are Here To Help

Dear Resident

I am writing to you on behalf of the Parish Council for two reasons, firstly to ask if you or any family member would be able to assist anyone in the village who may be in difficulty and requires help during this pandemic period. We do not know what is going to happen but certainly the next few months might see people tested to the full. Being united and supporting each other, where possible, will make a big difference.

The second reason for writing is to give our contact details. We will endeavour to coordinate so that if anyone is in real need then we will try and do our best to assist or organise assistance for them.

On behalf of Runcton Holme Parish Council
Bob Pearman (Chairman)
